

Imaginative story prompts

Discuss possibilities first:

What can you see in the picture?

Who is in this picture? What characters do you notice?

Where do you think this story takes place?

What is happening in the picture?

Building the story:

What happens at the start of your story?

How is the character feeling, why? What do they do and say?

What happens next?

Is there a problem or something that goes wrong in your story? How do you solve the problem?

Do you need to add a character into your story?

How does your story end?
