

# SLAPPY

## Goosebumps

### Make Up Tutorial

#### STEP 1:

Cover face with paler skin foundation, add darker tone to eyelids & below eyebrows.

#### STEP 2:

Draw around eyebrows with black pencil; colour in as per Slappys eyebrow shape. Smudge if needed.

#### STEP 3:

Apply glitter eye shadow in light flesh/orange/pink.

#### STEP 4:

Use eye liner pen to fill the space at end of your eye lid behind the lashes.

#### STEP 5:

Use this pen to draw line on the top of eye just outside the corner of the eye to the edge of the nose.

#### STEP 6:

Draw another line using the pen below the eye, to 1cm away from the nose.

#### STEP 7:

Use black powder to add faint shadows to the edge and the end of the nose. Smudge if needed.

#### STEP 8:

Accentuate the cheek bones, both to the side and below, and the middle of top lip, by adding further shadows with black powder. Brush if needed.

#### STEP 9:

Add red lipstick.

#### STEP 10:

Draw two lines from the edge of the lips down to the bottom of the chin with a black pencil to create Slappy's mouth.

#### STEP 11:

Use pencil to draw the shape of Slappy's hair on the side of your face and forehead.

#### STEP 12:

Add the crack in the chin, and blemish on the end of the nose using black powder.

Slappy's face is complete!
