

How Will You Use Your Room?

A bedroom has to be used for sleeping in, but what else might you use it for?

Would you like it to be somewhere to relax and read, to dress up, to practise dancing or playing an instrument? Do you need to study in your room?

Write a list of things you have to do in your bedroom and then a list of things you would like to do in your bedroom. Remember, there might not be space in your room for everything on your list. Try to stick to the essentials first.
