

Is my child ready for a behavior chart?

1	<input type="checkbox"/>	Do they understand simple instructions?
2	<input type="checkbox"/>	Are they happy if they don't get an instant reward?
3	<input type="checkbox"/>	Do they understand consequences?
4	<input type="checkbox"/>	Will they understand the pictures on the chart?
5	<input type="checkbox"/>	Do they have enough fine motor control to put the sticker on with a little help? (supervise at all times)
